

SEMI-WEEKLY ANTERIOR JOURNAL.

VOL. XXVIII.

STANFORD, KY., TUESDAY, SEPTEMBER 12, 1899 10 A. M.

NO. 56

LANCASTER.

Squire W. F. Henry is very sick. Col. John W. Miller is preparing to increase the capacity of Pilgrimage Distillery from 100 to 150 bushels, which will yield about 15 barrels per day.

Rev. Henry N. Paulson has bought the Christian church parsonage on Water street at \$1,800. It is a very desirable residence and formerly sold for \$2,500.

Messrs. J. E. Robinson, Sauley Hughes, Frank Marksbury, Henry Simpson, Misses Annie Herring and Eugenia Bush spent last week at Dripping Springs.

Elder George Gowen has gone to Harrod's Creek to hold a protracted meeting. He goes from there to New York to see Dewey, then to Virginia to do revival work.

Since there are several good democrats mentioned for the Legislature it has been suggested that their names be placed in a hat and the one drawn out be declared the nominee.

Every Confederate in this county, except two, are earnest supporters of the democratic ticket, and the other two are expected to get right. The members of the G. A. R. are also loyal.

The trade issue of the INTERIOR JOURNAL attracted much attention here and it reflects much credit on the promoters of the enterprise, the I. J. force and the enterprising people of Stanford and vicinity.

W. H. Harris, of Carlisle, was with his father's family Sunday. W. S. Ferguson has a cob pipe, which he has used for 12 years. Miss Sallie Elkin and little brother, John Woodcock, will go to Atlanta this week.

No county in the State can boast of better educational facilities than Garrard. Our graded school opened with over 300 pupils. The attendance will be larger than ever. Prof. J. H. Patterson is one of the most thorough teachers in the State and, with his able corps of teachers, there is no excuse for not acquiring an education.

Josh Kemper, knowing the value of railroads, has expressed his willingness to give the right of way through his farm. Several others are disposed to do likewise, and where damage is charged, it is hoped that it will not be excessive and that the owners of the land and the people can agree on the amount and help each other to bear the burden.

The artistic skill of Miss Sallie Elkin has produced a realistic painting of the cabin on the Lancaster & Stanford road between J. W. Logan's and the river. It is the house in which Dr. W. Simpson Elkin, of Atlanta, attended his first patient and, as he has become an eminent physician, it is to be displayed in his infirmary.

The manner in which the daily press is divided in the gubernatorial race; the party dissensions and the number of falsehoods that are daily spoken and printed, the malicious attacks and the bad feeling that is manifested are enough to make us conclude that the political world is so wicked that none but ruffians should take part in the contest. The greed for distinction is causing many to disregard every rule of propriety and to ignore the high impulses which should guide us through life.

The Louisville Post agency changed hands here because an employee of the agent is accused of having the impudence to say that the L. & N. railroad was furnishing the 100 free copies to be distributed here for 60 days. While the remark was a breach of propriety in business, the people, generally, believe that he told the truth and they express their opinion every day, notwithstanding the power of that great corporation. They do not believe that any paper could or would issue and distribute 15,000 papers free for 60 days and the candidates on that side are not able to do so.

On Saturday night about 1:30 five electric light globes were destroyed on Richmond Avenue, two by stones and three by cutting them loose and allowing them to drop in the street. It is reported that three young men were seen engaged in the act and their names have been mentioned, but, as they move in good society and have been properly raised it is hoped that there is a mistake about the matter. It is much easier to believe that those who had no advantages would be guilty of such outrageous conduct. But the guilty should suffer the penalty. They were not likely aware of the fact that the penalty is not less than two nor more than 10 years in the penitentiary. No arrests have been made.

NO RIGHT TO UGLINESS.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run-down, she will be nervous and irritable. If she has constipation or kidney trouble, her impaired blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at Penny's Drug Store.

The famous pacer, Joe Patchen, has been sold for \$20,000.

McKINNEY.

A "literary society" is announced to meet and reorganize at the school-house here Tuesday night.

The railroad surveyors left here last week for their homes, it is said, whether to return or not, we are not advised.

We hear many compliments passed on the "trade issue" of the I. J. It speaks well for the JOURNAL and the equipment of the office.

Ec Yocum sold his little home on the hill East of town to D. R. Shuder for \$150 and bought another of Mrs. Lamb on the Green River pike South of town for \$125.

John Durham and James Brown are the happy fathers of the very newest babies in town. Each is an "up-to-date" article and of opposite sex, the latter being a prospective railroad by occupation.

Rev. T. H. Coleman filled his pulpit here and at New Salem Saturday and Sunday, preaching five sermons to the two churches. This is usual on his monthly trips to this section. Rev. John Long was preaching last week at New Bethel.

The cannery is doing a lively business still, though the continued dry weather is seriously affecting the tomato crop. One or two car loads of the finished goods have already been shipped to wholesale merchants. Several others will follow.

Many from this section will attend the G. A. R. encampment near Kingsville this week. If proper surveillance is kept over the rough element that usually visits such places, the more civilly inclined may expect an enjoyable occasion. Let us hope that not a single disturbance will occur.

For guaranteed work and the lowest prices take your watches, clocks, jewelry, sewing machines, bicycles, &c., to W. R. Gooch, the jeweler, and have them repaired. He is agent for the Danville Steam Laundry and will look after your washing with as much care as other business entrusted to him.

W. D. Gooch went to Chattanooga Sunday. Mr. and Mrs. Geo. Griffiths, of High Bridge, will take rooms at the Commercial Hotel this week. Miss Eugenia Ware has returned from a several days' visit to friends in Georgetown. Miss "Mancie" Ware has returned to school at Georgetown, and will be missed by her young friends here for the next several months to come.

Notwithstanding the intensely hot weather the public school had an attendance of 65 pupils last week. Charley Collier, of Somerset, is principal and Mrs. Nettie Humphrey, this place, assistant. Several schools closed for fear of the small-pox. If people were as much afraid of going to hell when they die as they are of having small-pox while living, Heaven would be crowded 10 years hence with people who never will get there under the present restrictions.

Misses Ada Bryant and Anna Gooch entered school in Stanford last week and express themselves as well pleased with their first week's experience under Dr. Shelton. Miss Belle Good, who has been visiting relatives in this section, returned to her home in Lexington Friday. Dr. F. Grider, wife and Miss Hettie Moore are in Russell county, having been called there on account of the serious illness of Mrs. Grider's father, ex-Sheriff J. W. Coffey, who, dispatches say, died last Friday morning. The bereaved home is near Creelsborough. The deceased was a well-to-do farmer and highly respected. Several months ago while changing his clothes he placed his collar button in his mouth, and, by accident, sucked it into his lungs where it lodged and remained until a few days ago, when he coughed it up. During its stay in the lung he suffered great pain, and notwithstanding the counsel of the best physicians was sought, no permanent relief came. After the expulsion of the button from the lung the sufferer sank rapidly until the end came as above stated.

ATTENTION NEWSPAPER MEN.

Being a resident of Ohio, I am desirous of disposing of the Corbin News plant, at Corbin, Ky., and will do so at a great sacrifice for cash. Any one contemplating the purchase of a plan and location would do well to call and see me at once.

Five sisters and brothers living near Miltoin, Adams county, have an average age of 85 years. The oldest is 92 and the youngest 78. Their name is Morrison.

BISMARCK'S IRON NERVE.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Out at Penny's Drug Store.

BRODHEAD.

J. T. Cherry is in Louisville buying goods. S. H. Martin has been sick a week or so.

Reuben DeBord, a good citizen, died at his home near here Friday. Funeral services were held at the Christian church Saturday. A wife and three children survive.

The many friends of Mr. and Mrs. El Albright gave them up with much regret. Mr. A. has engaged in the commission business in Cincinnati and his wife joined him there Sunday. Miss Lizzie Herron, well known in Stanford, accompanied her.

A dozen or so of John Craig's friends spent Sunday with him at his hospitable home near Maysburg. Those who went from here were: J. Harvey Damm, R. H. Hamm, William Francisco and Dick Pike and they report a big dinner and a good time generally.

An interesting meeting of some 20 Rockcastle county teachers was held here Saturday. A good program, which included an address by Judge R. G. Williams, was carried out. The teachers were well cared for by our hospitable citizens.

There is not a better or a larger public school in Rockcastle than the one here, taught by Prof. Edgar Albright and Miss Helen Thurmond. Both of the teachers are very popular with parents and pupils and they work with a zeal that is most commendable.

Our town has more pretty houses than any of its size in this section of the State. Among the handsome ones are those of Dr. Percy Benton, Rev. A. J. Pike, R. S. Martin and J. Thomas Cherry. Several substantial residences are under construction.

Mr. E. E. Protheroe has resigned as president of the Brodhead fair, which office he has filled so admirably and Mr. J. Thomas Cherry, another good man, elected in his stead. Mr. P. was unanimously made treasurer. Clever Jim Tate will succeed Ed Albright as secretary.

Miss Neville Carson, of this place, has a plate and tea pot, which once belonged to Rev. George O. Barnes' mother, which are 120 years old. Miss Carson is a relative by marriage of the good evangelist and is as fond of him as she is proud of the treasures that have been in the family so long.

The Baptist Sunday school here is one of the best in the county. The average attendance is between 40 and 50 and teachers and scholars alike are deeply interested. Mr. W. H. Colyer makes a good superintendent, while his wife, who is organist and a teacher, is to no small degree the life of the school. Daniel Owens and W. H. Albright are other teachers who are always at their posts. Brodhead is justly proud of her churches, all of which have large memberships. Rev. Hendrickson is pastor of the Baptist, Rev. Kim Pike of the Methodist and Eld. J. G. Livingston, of the Christian church.

D. R. Totten, independent candidate for representative for this and Laurel county, opened his campaign at Union School-house, near this place, to a large audience Saturday night and made a fine speech. His platform, which he announced, and which is a vote catcher, is as follows: County roads to be worked by taxation; free school books, or as near free as possible; will work to the interest of the labor organizations and is eternally opposed to the L. & N.'s active hand in politics. He is anxious to meet the republican nominee, Mr. B. J. Bethuram, on the stump and as that gentleman is also a good campaigner, the wool will likely fly, so to speak, when they come together.

CHURCHES AND PREACHERS.

Rev. J. H. King will preach at Pine Hall church near Ottenheim, Saturday night.

Revs. J. B. Crouch and R. B. Mahony will begin a protracted meeting tonight at Rocky Ford, Casey county.

The meeting at Watts' chapel, conducted by Eld. J. G. Livingston and Rev. A. J. Daugherty, has so far resulted in 15 additions.

The will of D. H. Baldwin, the great piano man, gives all his property to the Presbyterian church except \$5,000 a year to his wife, and she will contest it.

The C. W. B. M. will conduct a devotional hour service followed by a silver social Saturday afternoon, beginning at 3 o'clock. Members of the Christian church and all others who are interested in missions, cordially invited to attend.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the system strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

MISS MAMIE LYNN.

A charming young lady in every sense is the one whose picture appears above. Beauty of feature, combined with a complexion as clear as ever held a maiden's blush, possessed of a figure that is symmetrically perfect and a carriage queenly and magnificent. Miss Mamie Lynn is a picture of womanly loveliness hard to beat even in Kentucky, famed for its beautiful women. She is a daughter of Mr. and Mrs. J. E. Lynn, and besides being a graduate of Stanford Female College, took a post-graduate's course at Lebanon, O. President C. C. Fisher, of Millersburg College, recognizing her worth and ability tendered her a chair in his faculty and she went thither last week to accept it, much to the discomfiture of more than one admirer.

HUSTONVILLE.

Miss Kate Bogle opened the public school here Monday. The young people enjoyed another hay ride Friday night.

Powell & Harper are buying a carload of mules to ship to Salisbury, N. C., at \$50 to \$125.

Communion services were held at the Presbyterian church Sunday. Rev. Dr. McDonald of Danville, officiated.

Mrs. R. N. Adams and children, of McKinney, Texas, are visiting Mrs. L. B. Adams. Miss Nelle Quick, of Frankport, Ind., is the guest of Miss Mary Lusk. Miss Mattie Alcorn has returned to Chicago. Thompson's College and Misses Edna Baughman and Jessie Powell to Caldwell College, Danville. Miss Nancy Kennedy, of McKinney, is the guest of friends here. Mrs. I. U. Steele is in Louisville. Mrs. Chas. Wheeler has returned from a week's stay in Cincinnati, where she has been buying fall goods. Dr. H. Brown, who has been quite ill, is a little better.

STANFORD, KY., - SEPT. 12, 1899

W. P. WALTON.

DEMOCRATIC TICKET.

For Governor, **WILLIAM GOEBEL**.
For Lieutenant Governor, **J. C. W. BECKHAM**.
For Attorney General, **R. J. BRECKINRIDGE**.
For Auditor, **GUS G. COULTER**.
For Treasurer, **S. W. HAGER**.
For Secretary of State, **C. BRECK HILL**.
For Superintendent of Public Instruction, **HARRY MCCLESNEY**.
For Commissioner of Agriculture, **ION B. NALL**.
For Railroad Commissioner, **C. C. M. GORD**.
For Representative, **M. F. NORTH**.

"Who is Adams?" was asked us several times yesterday. Our reply is that Adams used to be a democrat and represented the 10th district in Congress by democratic votes. He was a candidate for clerk of the court of appeals in 1891 and being defeated by Longmoor for the nomination, bolted and went home, where he helped to get Judge J. H. Tinsley to become a candidate and we are told voted for him over his late opponent. Since then his democracy has been decidedly below par and having gotten in the habit of bolting he bolted Bryan, like he now bolts Goebel. He is gradually finding his level in the republican party and having joined the Taylor Auxiliaries is doing his best to obtain recognition at the hands of that party. We used to think a good deal of "Matt Adams" and therefore grieve at the fall of a man, who had ever reason to keep his record clear. We do not want any democrat to be deceived by his specious arguments and they want be when they know his record as a bolter and a disorganizer.

AFTER the most sensational trial on record, the court martial at Rennes, France, found Capt. Dreyfus guilty and he was sentenced to 10 years' imprisonment. The trial was under a revision of a former trial that sentenced the army officer to solitary life confinement on Devil's Island, and of which he had served several years, after being publicly stripped of his uniform and degraded before the army. He was charged with selling French army secrets to another government and was convicted under a conspiracy as mean as was ever formed. The army secrets had been sold, but higher officers than Dreyfus were the guilty parties, and he was made the scapegoat, because he is a Jew and could more easily be convicted by the Hebrew hating French. The whole proceedings are a stain on the French government that can not be wiped out.

THE democratic certificate was filed by William Cromwell, secretary of the Louisville convention, before the secretary of State. It sets forth the names of the candidates from William Goebel, for governor, to Ion B. Nall, for commissioner of agriculture, and the resolution again adopting the game cock as the party emblem. It is signed by Judge D. B. Redwine, chairman of the convention. This settles the question as to who is entitled to the rooster and bolters and others who do not mark under it will have to do so under the L. & N. device or stamp under the log cabin. Those papers that are running a rooster over the L. & N. ticket will now remove it if they have any respect for themselves.

LITHOGRAPHS of those arch traitors of democracy, Brown and Johnston, with the words, "Our Next Governor Bryan in 1900. No Compromise with Dishonor," and showing a game cock with a cross beneath him, are being sent broad cast over the State by the corporation that is furnishing the sinews of war for the Taylor Auxiliaries. The motto is badly mixed. It should read: "We will beat Bryan in 1900 or not." The word honor is not in our vocabulary. The bolters should have learned by Gen. Hardin's sad experience that lithographs are a hoodoo, though in their case it matters little. They are already hoodooed, damned and disgraced.

A SWEET-SCENTED shrub indeed is Old Bill Beckner, of Winchester. Not satisfied with bolting the democratic nominations, he is said to have been in Frankfort last week to urge Gov. Bradley to make speeches for Taylor. After the currying down that the governor gave him a few years ago, he must have the cheek of a government mule to call on the governor for any purpose, much less to ask such a favor of him. Bill evidently loves to be kicked.

GUS G. COULTER denies and proves in a most emphatic manner that he dickered for and finally gave his check for the Campbell county vote. Everybody knew it was an L. & N. Dispatch lie as soon as they read the charge.

THERE is no equivocation about William Goebel and he is not afraid to express himself in the most direct terms on any public question. Some bolter in order to embarrass him, as he hoped, asked him if he was for the separate coach law, when he plainly said he was and would oppose its repeal. He thinks, however, that the railroads should be forced to give the Negroes as good accommodations as white people and not cut them off with half the smokers as now. He also said in response to a question that labor unions had the same right to exist as corporations and that he was for giving them further safe guards. Senator Goebel's entire public career has been directed to service for the poor and oppressed and those who know him best have learned to rely on him for aid in preventing the encroachment of their rights by greedy corporations and combines.

WHAT are we here for except to get pensions? was again answered by the G. A. R. encampment at Philadelphia. The pension committee reported a resolution favoring the abrogation of Rule 225, passed by Congress, and the reinstatement of Rule 164, which makes it less difficult to establish pension claims and this, it is said, will add \$60,000,000 yearly to the pension burdens, if made a law.

THE Hon. W. O. Rodes, of Bowling Green, proved during a speech at Franklin by Brown buttons handed him at his request by men in the audience, that underneath the brown covering is a picture of Taylor, the republican candidate for governor, which is proof positive that Brown is running in the interest of Taylor, if any doubts remained of a proposition too patent almost for controversy.

THE Louisville Post makes the statement, which is not important even if true, that Judge Tarvin will make speeches advocating the Louisville platform, but not for Goebel, who is the kind of a man Tarvin is alleged to have said he doesn't like. He is not like Tarvin, thank God, and that's why the people like Goebel and have no liking for Tarvin.

THE patent insides are printing a picture of John Young Brown, that makes him look like a son-of-a-gun. It was doubtless taken after his determination to sell out and fight the party to which he owes everything.

GOEBEL and Blackburn were given an ovation at Carlisle and were accorded one of the greatest demonstrations of the campaign. Evidently his constituency do not endorse Editor Keller's position in the canvass.

F. and F. S. Haag, of the Henderson Daily Gleaner, and George Hamm, of the London Kentuckian, are the latest to have their L. & N. passes revoked because they printed articles that the management didn't like.

POLITICIANS AND POLITICS.

Col. Fred H. Roberts took the oath as city judge at Owensboro. A contest for the place will follow.

J. B. Eustis, ex-Senator from Louisiana, and Cleveland's ambassador to France, died at Newport, R. I.

A Mayfield audience hissed Bill Owens so viciously he had to desist in his abuse of Goebel and Blackburn.

Democrats of Adair have organized a Goebel club with Gordon Montgomery president and H. M. Kemp, secretary. Ex-Gov. Stone, of Missouri, says it is of supreme importance that Kentucky should go for Goebel and the ticket.

The democrats at Lexington established headquarters at the court-house, and raised the old Fayette-county banner across Main Street.

The democratic State committee declared all nominations for city offices in Louisville void, and the action meets with general approval.

The condition of Senator Clark, who was shot at McKee two weeks ago, is such that the Jackson circuit court had to adjourn as he was on one or the other of nearly every case.

Senator Blackburn says that Brown ought to be very careful how he makes unwarranted charges, "as he was the only man, living or dead, who had ever been arrested and censured by an American Congress on the charge of inability to tell the truth."

COLORED PREACHER SPEAKING FOR GOEBEL.

SOMERSET, Sept. 9.—The Rev. R. Goggin, of color, of this city, member of the Baptist church and vice president of the ex-slave bounty and pension association, which is 10,000 strong in this State, has taken the stump for Goebel and the entire democratic State ticket. He says that, for the first time, that half or more of his race in this State will vote the straight democratic ticket.

Pat Conway, formerly of Hustonville, died in Ireland, where he went several years ago.

Nineteen cases of smallpox are reported at the village of Jabez, Russell county.

Twelve members of the Philpot family went to London with a warrant for the arrest of T. J. Griffin whom they accuse of the murder of Deputy Sheriff Thacker in Clay county. Griffin was arrested at Pittsburg and is now in the London jail.

SPICES of all kinds and tumeric for pickles and catsup. Warren & Shanks.

CIRCUIT COURT began at Danville yesterday with a small docket and no cases of importance.

LAST week the mercury rarely got below 90 and one day soared up to 103. This morning it was down to 52. A great climate has Kentucky.

C. W. LOVELL will run a hack from Saulley to the G. A. R. celebration, each day. It will make connection with the C. S. trains at Kingsville.

FIRE.—Miss Florence Trueheart's kitchen caught fire from a blue Monday, but Henry Salter, the house boy, got a hose and put it out without turning in an alarm. Very little damage was done.

"WHAT'S the news in Madison?" was asked of Elder Joseph Ballou, who returned from his preaching appointment there yesterday. "Goebel's going to be the next governor, if all the State is like where I have been," was the laconic reply.

IN addition to Caleb Powers, who is running for secretary of State on the republican ticket and who is to speak here Sept. 25th, A. S. White is also to speak here Sept. 27 and John P. McCartney on Oct. 30. Did anybody ever hear of the two last before?

MR. J. GINSBURG, of Louisville, will open a complete line of clothing, boots, shoes, hats and furnishing goods in the store room in the INTERIOR JOURNAL building, Sept. 23. It will be called the Racket Store and Mr. Ginsburg will conduct it in a first class style.

125,000.—W. L. McCarty, proprietor of the Kings Mountain Cannery, tells us he has put up about 125,000 cans of tomatoes and would have canned as many more had it not been for the short crop. He thinks that luscious vegetable will be high next winter.

GOOD BOYS.—The Lexington Herald publishes interviews with its home lawyers as to their feeling towards the democratic ticket and this is what Casey M. Owsley, late of Lancaster, says: "I endorse the Louisville convention, the platform and the ticket. It is democratic and I will give it my hearty support." James G. Denny, late of this county, a brother of R. G. Denny, shows himself to be of the right stuff by saying: "I am in favor of supporting the regular nominee of the party. I shall support Wm. Goebel for governor and every name placed beneath his for the different State offices by the Louisville convention."

CAPTURED.—Will Kennedy, who shot Will White several years ago, was captured Saturday night by Deputy W. L. Wood and Marshal J. A. Shannon, near Crab Orchard. His bail had been fixed at \$2,000, which he hasn't given.

FOR HORSE STEALING.—Deputy W. Logan Wood and John G. Lynn, Jr., arrested Frank Martin near Waynesburg last night and turned him over to Jailer DeBord. He is charged with stealing a horse from Harve Watts here August court day.

321.—A gentleman who was at Hustonville the other day tells us that 321 wagons loaded with lumber for Moreland, passed through from Casey, the day previous. A large number of the teamsters haul at night during the hot weather and there is a continual string of wagons 24 hours a day.

JUDGE T. L. SHELTON, of Rowland, again owns his hotel there. About a year ago he swapped it for an opera at Spaulding, O., and since then it has changed hands three times, the judge swapping for it again last week and clearing \$1,100 on the deal. He has never moved out of the building.

THERE was a quorum but not a full board present at the called meeting of the city council to dispose of the town boundary business again, and it was decided to postpone action till the regular meeting in October. In the meantime the "come outers" will be assessed like the balance of us common people.

JUDGE BAILEY made some changes in road over-seers in the county court yesterday and probated the will of T. J. Gilliland, the widow, Mrs. Mary Annie Gilliland, qualifying as administratrix. Mrs. V. Alice Newland qualified as guardian for her children and W. S. Brown was granted license to sell liquor by the quart at his distillery on Pilot Creek.

"ANY bolters in your section?" was asked Squire E. B. Caldwell, Jr., of Waynesburg, yesterday. "Not one that I know of. Everybody is for the ticket, but one man, and he will not vote. You should see how my section is flooded with the Louisville Weekly Dispatch. Four copies come to my house, one to me and the others to my sons, some of whom are not voters. The papers come in very handy for wrapping and other purposes, but they are little used for reading matter."

WAYNESBURG.—Squire E. B. Caldwell, Jr., of Waynesburg, came in yesterday to bring us the minutes of the Cumberland River Association to print as he has done every year for a decade or more and we got the following from him: W. H. Morgan, aged 75, who was paralyzed recently, is at the point of death. D. J. Padgett, a member of the Waynesburg Masonic Lodge, 328, was buried Sunday. Revs. Partin and Stamper are holding a good meeting at the Baptist church, with five additions to Sunday.

AN ENTERPRISING PAPER.—The Stanford INTERIOR JOURNAL issued a special trade edition this week and it is one of the very best papers of the kind that was ever published in Kentucky. It consists of 12 pages, with 72 columns of illustrated articles. It is well printed and about the best advertisement Stanford ever had. Mr. Walton has ever reason to feel proud of the edition. —Lexington Leader. Thanks very much indeed. With the exception of the lack of our usual quota of home and general news, which was forced out by Special Editor Howell continuing to send in copy of write-ups after he had announced "through," we are somewhat proud of the edition. Considering that we had only three days to get it out, that the size was three times the ordinary, that it required 21,000 impressions and that the work was done by the usual office force, it was a feat in journalism never before accomplished by a country paper. It was quite an expensive undertaking too. The paper was made to order, is known as "book" and cost \$64, the illustrations cost \$76 and there were many other expenses, not incurred in an ordinary issue. We do not believe that another rural paper can show up so much type as the issue displays or print so many half tones so well as we did. Everybody compliments it.

THIS issue would hardly hold the compliments paid our trade edition by our patrons yesterday. It showed that effort is sometimes appreciated.

WALTER, the young son of P. H. Corminey, of the East End, left with Cooper's circus when it showed at Lancaster and as that circus has recently had a severe wreck and the father having heard nothing from the son since, he is very uneasy about him.

HON. M. F. NORTH, democratic candidate for representative, and others, will address the people of Lincoln county, as follows: Kingsville, Sep. 14, at night; McKinney, 16th; Waynesburg, 19th; Highland P. O., 20th; Ottenheim, 20th, at night; Oaks' School-house, 21st; Round Knob School-house, 21st, at night; Bee Lick, 22d; Crab Orchard, 23d; Richards' School-house, 26th, at night; South Fork School-house, 27th; Neal's School-house, 28th, at night; Whitt's Well, 29th; Turnersville Post-office, 30th; Preachersville, Hutchins' Store, Oct. 4th, at night; Goshen, 5th; Hubble, Hammonds' store, 5th, at night; McCormack's School-house, 6th at night; Milledgeville, 7th; Stanford, 9th; Maywood, 12th; Halls Gap, Carter's store, 13th; Jumbo, 14th. Speaking at 1:30 P. M. and 7:30 at night.

These appointments were made 10 days before the republicans made a nomination, but Mr. North invites and expects yesterday's nominee to meet him at every point.

PETER MUIR McROBERTS NOMINATED FOR THE LEGISLATURE BY THE REPUBLICANS YESTERDAY.

MAJ. GEO. MATT ADAMS MAKES A DREA- RY APPEAL FOR THE BOLTERS.

IT TOOK A BRASS BAND TO DRAW 'EM, BUT THE MAGIC COULDN'T HOLD 'EM.

After the brass band had been used to draw them, when two rings of the court house bell failed to draw the republicans together, B. G. Alford, in behalf of the regular chairman, called the meeting to order to nominate a candidate for the Legislature. Dr. R. L. Davison was made permanent chairman and H. R. Camnitz secretary. Nominations being in order, Hon. B. B. King named Peter M. McRoberts as a man "without reproach and a christian gentleman of high order." The nomination was seconded by all the precincts, one man being so full he could hardly make utterance, then on motion of Judge W. E. Varnon, made unanimous. A committee consisting of A. C. Carman, B. B. King and J. C. King was appointed to wait on Mr. McRoberts and inform him of his nomination. He appeared and was introduced by the chairman "as the choice of the people of Lincoln county, for representative." Mr. McRoberts said that there was a time in every man's life that he was called upon to make sacrifices and it had come in his. He accepted the unsought nomination and would conduct his campaign on the house tops and not in the mud puddles. He would advocate the principles of the party on every stump and would do so heartily, as they are right and in the interest of the people. There was a short yell and the convention stood adjourned after the chair had made two appeals and Judge Varnon one for the crowd to remain and hear a good speech by Maj. Adams.

As the bolters' meeting was but a continuation of the republican pow wow, we print both together. There was more band playing in order to swell the crowd, but the rads and curiosity seekers held the seats and but few more could get in. Maj. Geo. M. Adams, leaning on the arm of Mr. Vandever, then appeared and was introduced by the candidate for commissioner of agriculture in a brief speech.

The major then launched into a long and tiresome tirade of the Louisville convention and Redwine's rulings and emphatically contradicted Hon. J. W. Mitchell, one of Hardin's leaders' statement that the majority report of the committee on credentials was adopted by a unanimous vote, but declared adopted by a vote more than 100 less than a majority. The audience, which was composed principally of republicans, a third of whom were Negroes, soon got tired of the recital and began to drop out one by one and then in droves till but a scattering crowd was left. The major was bent on earning his pay, however, and kept on reading now from one alleged democratic paper and another to substantiate his argument and again from Bryan as to bolting and said he didn't mind being called a bolter, that St. Paul was a bolter, and that there were others. It had been said that Bryan is coming to Kentucky, but he didn't believe a word of it. If he does he can't convince us that black is white, as eloquent as he is. During his speech he was frequently interrupted by yells for Goebel, but his points, if he made any, fell flat, the crowd listening simply in silence and in sadness. So far as helping the bolting cause any here, the speech was a failure. The major's record as a bolter is too well established and too well earned to give his words much weight with intelligent people. The only point that his effort settled beyond a doubt, even to the uninitiated, was that the bolters are in league with the republicans and bent on beating Goebel with Taylor.

Bill Sweeney didn't show up, although advertised to speak, for which relief much thanks.
